- Bathroom/ ensuite clean
- Kitchen surfaces
- Dishes and washing
- Ironing/ changing sheets

## THE GOLD STANDARD

Your Gold Service Consultant has hand picked a team of qualified cleaners and companies based in the Canterbury district and servicing the entire region. The team we will choose for you will be best suited to your proposed time, date and area.

They are police vetted and have passed a drug test. Most of our chosen cleaners use Advance Nature Range of biodegradable cleaning products and use microfiber cloths and non-scratch pads for deep cleaning.

The Cleaners also follow the latest health and safety regulations such as having tagged and tested vacuum cleaners, an accident register and Indemnity Insurance incase of damage or breakages.

## ABOUT YOUR CLEANER

Your cleaner will be the same cleaner that comes every week or fortnight at the arranged time and date. Should your cleaner be unable to make it or you need to change the time or day of your clean than there will be two options. We can provide another cleaner to fill in or you are welcome to reschedule your clean with your usual cleaner. If you are finding you don't gel with your cleaner or the clean is not suitable to your needs please let us know.

## QUALITY WORKMANSHIP

The cleaners pride themselves on the job they do every time they visit your home. Your cleaner is instructed to ensure quality work over quantity of jobs completed. If you are ever dissatisfied with the cleaning please get in touch so we can change that!

## PAYMENTS

Payment Terms are 7 days and your cleaner will set this up with you directly via their own Invoicing system. Gold Services does not take payment on behalf of our Cleaners.
